Address:

12 Noller parade

Parramatta , NSW

2150

Content:

As a resident living in close proximity to the proposed development, with a vested interest in the safety and long term health of my family I am objecting the proposal on the following grounds

1. Rosehill racecourse is a major entertainment venue in the Parramatta and Camellia area that may potentially be affected by foul odors potentially putting of patrons and further traffic congestion on race days which already cause traffic delays.
2. The extra trucks will create further traffic delays and congestion along James Ruse Drive particularly during peak hours where traffic jam can some times back up to Victoria rd and commonly to the the bridge over Parramatta River.
3. Considering the hist ory of the site and the liabilities that have been created through prior land use, that with the proposed development the likelihood of Asbestos being raised to the surface through unforeseen excavation of accidental means needs more mitigation that what is currently proposed.
4. Residential properties are situated within 500m of the proposed development and would be impacted by the 24hr operation of the site, foul/ putrid odors, extra noise outside 7am-6pm and remote possibility of air borne asbestos contamination if an incident/accident where to occur in the future.
5. We live just over 1km from the site and given the close proximity to the development are disappointed with the level and thoroughness of the the community consultation that was undertaken with none of our neighbors being consulted either whom may be most affected if ever a asbestos contamination accident were to ever happen.

I look forward to hearing your response.
