Subject: sharkies developmnt

As a resident of North Cronulla I am extremely interested to find out the final decision on the development of the Sharks Leagues Club. I try to keep informed and am one of the people who sent in my submission against the development. I have looked on the Web page of the concept plan to see the for and against and am in disbelief at the amount of submissions for the development from towns that are not even in NSW! Come on, this seems a might strange... why would people that don't even have an affiliation with the area bother? This is still a massive sore point to the area and I do not know one local that wants it... we are the ones that will have to put up with this lunacy... hot on the tail of the Greenhills Development, Caringbah High development and the possible building of another 190 houses next to Cronulla High. You are the body that we turn to when we want our voices heard... sanity must prevail and development stopped that is on such a grand scale!
