Subject: proposed residential development 5 whiteside street & 14-16 david ave nth ryde (10_0165)

Dear Sir,

I would like to make a submission on behalf of my sister who resides at [REDACTED]

[REDACTED] in relation to (10_0165)

My name & address. [REDACTED]
[REDACTED]
[REDACTED] [REDACTED]

I strongly oppose the project.

The reason being is that David Avenue is too narrow and is already congested . I realise that development will have basement parking although I do not believe that it will be sufficient as the majority of residents have more than one vehicle. This will leave the unit dwellers with no alternative other than to park on the street causing major issues to the flow of traffic. The size of the development will impact gravely on the area that is made up of a majority of single dwellings and will be detrimental to the area.

Yours Sincerely,

[REDACTED]

PS. Please withhold my email address.
