MERINO PARK

Design Principles

- Reinforce access points: doormat + feature tree planting
- Canopy trees to provide shade and create ‘forest’ character
- Low native planting along edges
- Playground’s to cover all aspects of play.
- Picnic tables to be centrally associated with children’s play areas.
- Tree planting to the western edge to provide dense screening.

-  1.2m Path
-  Planting
-  Grass Sewn Areas
-  Tree Planting
-  Existing Vegetation
-  Feature Tree
-  Rubber Softwall

- 1. Seating
- 2. Playground
- 3. Run around

BADEN POWELL RESERVE

Design Principles

- Retain existing vegetation
- Provide north / south pedestrian linkages
- Reinforce access points: doormat + feature tree planting
- Create central run around area and provide 'observer' seating
- Trees to provide screening and shade.
