ROBERTSON+MARKS ARCHITECTS PTY LTD

Dear Maxine,

Subject: Meadowbank Precinct Master Plan, Shepherd's Bay
Design Changes June 2012

Following our recent correspondence, we provide this letter in relation to the recent changes to the Meadowbank Precinct Master Plan, Shepherd's Bay. We have concluded that the proposed changes will not affect our previous report titled "Shepherds Bay Interpretation Strategy - 2010."

Our interpretation strategy focuses on a range of potential interpretations that your firm could employ in all future designs in respect of the primary historical themes that we have identified and, as such, will still apply to the Masterplan Development despite the changes to buildings heights, densities and locations.

We would be more than happy to discuss this further, if required, and can be contacted via the details provided herewith.

Regards,

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Paul Rappoport', with a large, stylized initial 'P'.
