

Crookwell 3 Wind Farm
Appendix 15

ADVERTISEMENTS 2010 & 2011

UNION FENOSA

CROOKWELL DEVELOPMENT PTY LTD

Proposed Crookwell 3 Wind Farm Part 3A Application

Crookwell Development Pty Ltd is in the final stages of preparing the Environmental Assessment Report for the proposed Crookwell 3 Wind Farm project under Part 3A of the *Environmental Planning and Assessment Act 1979 (NSW)*.

The feedback received from the community through the door-knock consultation process in the area (during 28th, 29th and 30th of April 2010), and also consultation with other stakeholders, has assisted the consultant team to refine the layout of the wind turbines and associated infrastructure.

Once the Department of Planning has completed a preliminary review of the Environmental Assessment Report, it will be placed on public exhibition for a period during which any person may make a written submission in relation to the Part 3A Application. The public exhibition period will be advertised in advance. A community information day is planned to be held during the public exhibition period in the Crookwell township. The consultant team will be available during this information day to answer any questions in relation to the Environmental Assessment Report .

If you would like to make an enquiry in relation to the proposed wind farm project and the current Part 3A Application, please call Crookwell Development on the free call number

UNION FENOSA CROOKWELL DEVELOPMENT PTY LTD

Proposed Crookwell 3 Wind Farm Household Door-Knocks

As part of the Crookwell Development Pty Ltd consultation strategy program for the proposed Crookwell 3 Wind Farm, the Crookwell Development representatives will be conducting door-knocks in the area on 28th, 29th and 30th of April 2010.

The purpose of the door knock is for Crookwell Development to answer questions and gather information from the nearby residents of the proposed site area so as to inform the wind farm design prior to lodging the application with the Government over the coming months.
