

Appendix P

Report 10-4715R2

Cover Page

NWRL - Noise Contour Plots for Various Barrier Heights (Passenger trains) - ground floor

North West Rail Link

Figure 6-1

Preferred Alignment Noise Contours
for Varying Barrier Heights

Legend

— Rail Network

Noise Contours

— With 3.0m Barrier

— With 2.4m Barrier

— With 1.8m Barrier

— With No Barrier

Proposed NWRL Alignment

— At Surface

— In Tunnel
