## Legislative Requirements

## SUMMARY OF STATUTORY CONTROLS

The following overview of the legal framework is provided solely for information purposes for the client, it should not be interpreted as legal advice. RPS will not be liable for any actions taken by any person, body or group as a result of this general overview and recommend that specific legal advice be obtained from a qualified legal practitioner prior to any action being taken as a result of the summary below.

### COMMONWEALTH

#### **Aboriginal and Torres Strait Islander Heritage Protection Act 1984 (ATSHP Act), Amendment 2006**

The purpose of this Act is to preserve and protect all heritage places of particular significance to Aboriginal and Torres Strait Islander people. This Act applies to all sites and objects across Australia and in Australian waters (s4).

It would appear that the intention of this Act is to provide national baseline protection for Aboriginal places and objects where State legislation is absent. It is not to exclude or limit State laws (s7(1)). Should State legislation cover a matter already covered in the Commonwealth legislation and a person contravenes that matter, that person may be prosecuted under either Act, but not both (s7(3)).

The Act provides for the preservation and protection of all Aboriginal objects and places from injury and/or desecration. A place is construed to be injured or desecrated if it is not treated consistently with the manner of Aboriginal tradition or is or likely to be adversely affected (s3).

#### **The Australian Heritage Commission Act 1975**

*The Australian Heritage Commission Act (1975)* established the Australian Heritage Commission which assesses places to be included in the National Estate and maintains a register of those places. Places maintained in the register are those which are significant in terms of their association with particular community or social groups and they may be included for social, cultural or spiritual reasons. The Act does not include specific protective clauses.

*The Australian Heritage Council Act (2003)* together with *The Environment Protection and Biodiversity Conservation Act (1999 as amended)* includes a National Heritage List of places of National heritage significance, maintains a Commonwealth Heritage List of heritage places owned or managed by the Commonwealth and ongoing management of the Register of the National Estate.

## STATE

It is incumbent on any land manager to adhere to state legislative requirements that protect Aboriginal Cultural heritage. The relevant legislation in NSW includes but is not limited to:

### **National Parks & Wildlife Act 1974 (NPW Act)**

The *NPW Act (1974)* provides statutory protection for all Aboriginal heritage, places and objects (not being a handicraft made for sale), with penalties levied for breaches of the Act. This legislation is overseen by the Department of Environment, Climate Change and Water (DECCW) and specifically the Director-General of DECCW. Part 6 of this Act is the relevant part concerned Aboriginal objects and places, with the Section 86 and Section 90 being the most pertinent. In 2010, this Act was substantially amended, particularly with respect to Aboriginal cultural heritage requirements. Relevant sections include:

### **Section 86**

This section now lists four major offences:

- (1) A person must not harm an object that the person knows is an Aboriginal object;
- (2) A person must not harm an Aboriginal object;
- (3) For the purposes of s86, “circumstances of aggravation” include (a) the offence being committed during the course of a commercial activity; or (b) that the offence was the second or subsequent offence committed by the person.
- (4) A person must not harm or desecrate an Aboriginal place.

Offences under s86 (2) and (4) are now strict liability offences, i.e., knowledge that the object or place harmed was an Aboriginal object or place needs to be proven. Penalties for all offences under Part 6 of this Act have also been substantially increased, depending on the nature and severity of the offence.

### **Section 87**

This section now provides defences to the offences of s86. These offences chiefly consist of having an appropriate Aboriginal Heritage Impact Permit (AHIP), not contravening the conditions of the AHIP or demonstrating that due diligence was exercised prior to the alleged offence.

### **Section 87A & 87B**

These sections provide exemptions from the operation of s86: Section 87A for authorities such as the Rural Fire Service, State Emergency Services and offices of the National Parks & Wildlife Service in the performance of their duties and s87B for Aboriginal people performing traditional activities.

### **Section 89A**

This section provides that a person who knows of an Aboriginal object or place and does not advise the Director-General of that object or place within a reasonable period of time, is guilty of an offence.

## Section 90

This section authorises the Director-General to issue an AHIP.

### Section 90A-90R

These sections govern the requirements relating to applying for an AHIP. In addition to the amendments to the Act, DECCW have issued three new policy documents clarifying DECCW's requirements with regards to Aboriginal archaeological investigations: *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010*, *Due Diligence Code of Practice for the Protection of Aboriginal Objects in NSW* and *Code of Practice for Archaeological Investigations in NSW*. The Consultation Requirements formalise the consultation with Aboriginal community groups into four main stages and include details regarding the parties required to be consulted and the methods of establishing the necessary stakeholders to be consulted, advertisements inviting Aboriginal community groups to participate in the consultation process, requirements regarding the provision of methodologies, draft and final reports to the Aboriginal stakeholders and timetables for the four stages. The Due Diligence Code of Practice sets out the minimum requirements for investigation, with particular regard as to whether an AHIP is required. The Code of Practice for Archaeological Investigation sets out the minimum requirements for archaeological investigation of Aboriginal sites.

#### *Aboriginal Heritage Impact Permits (AHIP)*

DECCW encourages consultation with relevant Aboriginal stakeholders for all Aboriginal Heritage assessments. However, if an Aboriginal Heritage Impact Permit (AHIP) is required for an Aboriginal site, then specific DECCW guidelines are triggered for Aboriginal consultation.

#### *Aboriginal Cultural Heritage Consultation Requirements for Proponents*

In 2010, the *Aboriginal Cultural Heritage Consultation Requirements for Proponents* (ACHCRs) were issued by DECCW (12<sup>th</sup> of April, 2010). These consultation requirements replace the previously issued *Interim Community Consultation Requirements* (ICCR) for Applicants (DEC 2004). These guidelines apply to all AHIP applications prepared after April 12, 2010; for projects commenced prior to April 12, 2010 transitional arrangements have been stipulated in a supporting document, Questions and Answers 2: Transitional Arrangements.

The ACH Consultation Requirements 2010, include a four stage Aboriginal consultation process and stipulates specific timeframes for each stage. Stage 1 requires that Aboriginal people who hold cultural information are identified, notified and invited to register an expression of interest in the assessment. Stage 1 includes the identification of Aboriginal people who may have an interest in the project area and hold information relevant to determining the cultural significance of Aboriginal objects or places. This identification process should draw on reasonable sources of information including: the relevant DECCW EPRG regional office, the relevant Local Aboriginal Land Council(s), the registrar, Aboriginal Land Rights Act 1983, the Native Title Tribunal, Native Title Services Corporation Limited, the relevant local council(s) and the relevant catchment management authority. The identification process should also include an advertisement placed in a local newspaper circulating in the general location of the project area. Aboriginal organisations and/or individuals identified should be notified of the project and invited to register an expression of interest (EoI) for Aboriginal consultation. Once a list of Aboriginal stakeholders has been compiled

from the Eols, they need to be consulted in accordance with ACH Consultation Requirements Stages 2, 3 and 4.

For projects commenced before the 12<sup>th</sup> of April, 2010, Section 1 (Q1) of the transitional arrangements indicates that if Aboriginal consultation was commenced prior to the 12<sup>th</sup> of April 2010 (including advertising and notification of stakeholders) then consultation is to be continued under the previous ICCR guidelines.

*Interim Community Consultation Requirements (ICCR) for Applicants* (DEC 2004) required a three stage process of which timeframes were stipulated for specific components. Stage 1 required the notification and registration of interests. Notification included an advertisement in a local print media, as well as, as contacting the Local Aboriginal Land Council(s), the registrar of Aboriginal Owners, Native Title Services, local council(s) and the Department of Environment and Conservation. Stage 1 also required the invitation for expressions of interest (Eol) to be sent to interested Aboriginal parties and an Aboriginal stakeholder list compiled. Stage 2 required the preparation of an assessment design to be sent to the Aboriginal stakeholders for comment and review. Stage 3 required that the assessment report be provided to registered Aboriginal stakeholders for review and comment.

## **ENVIRONMENTAL PLANNING & ASSESSMENT ACT 1979 (EP&A ACT)**

This Act regulates a system of environmental planning and assessment for New South Wales. Land use planning requires that environmental impacts are considered, including the impact on cultural heritage and specifically Aboriginal heritage. Within the *EP&A Act (1979)*, Parts 3, 4 and 5 relate to Aboriginal heritage.

Part 3 regulates the preparation of planning policies and plans. Part 4 governs the manner in which consent authorities determine development applications and outlines those that require an environmental impact statement. Part 5 regulates government agencies that act as determining authorities for activities conducted by that agency or by authority from the agency. The National Parks & Wildlife Service is a Part 5 authority under the *EP&A Act (1979)*.

In brief, the *NPW Act (1974)* provides protection for Aboriginal objects or places, while the *EP&A Act (1979)* ensures that Aboriginal cultural heritage is properly assessed in land use planning and development.

Part 3A of the *EP&A Act (1979)* relates to major projects and if applicable, obviates the need to conform to other specific legislation. In particular, s75U of the *EP&A Act (1979)* explicitly removes the need to apply for s87 or s90 permits under the *NPW Act (1974)*. This means that although Aboriginal cultural heritage is considered during the planning process, a permit is not required to disturb or destroy an Aboriginal object or place. However, the Director-General of Planning must nonetheless consult with other government agencies, including DECCW and National Parks & Wildlife, prior to any decision being made.

Aboriginal consultation under part 3A is required under the *draft 2005 Part 3A EP&A Act Guidelines for Aboriginal Cultural Heritage Impact Assessment and Community Consultation*. This document stipulates that the ICCR process should be adhered to.

### **THE HERITAGE ACT 1977**

This Act protects the natural and cultural history of NSW with emphasis on non-indigenous cultural heritage through protection provisions and the establishment of a Heritage Council. Although Aboriginal heritage sites and objects are primarily protected by the *National Parks & Wildlife Act (1974, as amended 2001)*, if an Aboriginal site, object or place is of great significance, it may be protected by a heritage order issued by the Minister subject to advice by the Heritage Council.

Other legislation of relevance to Aboriginal cultural heritage in NSW includes the *NSW Local Government Act (1993)*. Local planning instruments also contain provisions relating to indigenous heritage and development conditions of consent.

## Appendix 2

### Aboriginal Consultation

Date	Consultation Description	Method of Contact	Outcomes
17/12/2010	First stage letters sent out by Anna Nardis (AN)	Mail	responses due back on 30/12/2010
17/12/2010	Advert placed in Macleay Argyle News	Newspaper	responses due back on 30/12/2010
22/12/2010	Response from National Native Title Tribunal	Email	
24/12/2010	Response from Northern Rivers Catchment Management Authority	Mail	Response noted
6/01/2011	Kempsley Local Aboriginal Land Council (KLALC) registered their interest	Email	Eol noted
6/01/2011	Response from Department of Environment Climate Change and Water (DECCW)	Email	Aboriginal Community Stakeholder (ACS) groups noted.
12/01/2011	Eol letters sent out by Ali Byrne (AB)	Mail	Eol responses due back on 27/1/2011

## IN MEMORIAM

**Hannah Rose Luxford-Matthews**  
(20 years young)  
2nd May 1988- 22 December 2008  
REMEMBERING HANNAH

Every day our hearts ache to have you with us. We long to hear your voice, to feel your hand in ours, to laugh together again; we celebrate the strong bond we've shared as family. The empty space that is in our lives since you left us gently lingers with the sweet memories of our life shared. We tell yarns always of the things we've shared, good times, hard times and fun times. We have a fierce Love for you Hannah that only grows stronger as time moves forward. To us a year is a second, you are not gone from us, we know you are in Peace and still with us; we hear you and see you in the beauty, grace and simplicity in Nature every day.  
*We love you with all our hearts and souls*  
Mum (Maura), Esther, Joe & Family.

## IN MEMORIAM

**BEVERLEY CHARLESWORTH**  
21.12.2009

A million happy memories cannot ease our broken hearts, the day that you were taken our whole world fell apart, life goes on, I found that true and so does the heartache and longing for you. **Forever in our hearts**  
Your loving husband  
Alan, Rodney, Robyn & Lami

**CHARLESWORTH BEVERLEY**  
Passed away  
21.12.2009

To us you were so special what more is there to say that you will always be with us on Christmas Day.  
*Miss you heaps*  
Mum and your family

**ATTENTION: MEGAN MEBBERSON**

Dear Megan,

**RE: REGISTRATION OF ABORIGINAL INTEREST GROUPS FOR  
ARCHAEOLOGICAL INVESTIGATION**

SJ Connelly Pty Ltd proposes to lodge a request with the Minister for Planning under Section Part 3A of the *Environmental Planning and Assessment Act* (1979) for a site at South West Rock to be used as proposed residential development

As such, RPS Australia East Pty Ltd (RPS) will be conducting an Aboriginal Cultural Heritage Assessment for SJ Connelly Pty Ltd of PO Box 538, Lennox Head, NSW 2478. The site is located at Keith Andrews Avenue, South West Rock in the Kempsey Shire LGA.

The project requires an archaeological survey and cultural heritage assessment to support a development application for proposed residential development. The study area of the application is described as the "Area of Interest" on the enclosed plan.

The Department of Planning Draft Guidelines for Aboriginal Cultural Heritage Impact Assessment and Community Consultation 2005 and DECCW Fact Sheet 5: Landuse Planning Consultation Requirements for proponents indicate that the *Aboriginal Cultural Heritage Consultation Requirements (ACHCRs) for Proponents* (DECCW 2010) should be followed for undertaking Aboriginal consultation in relation to the assessment and management of Aboriginal heritage.

This letter is to notify that SJ Connelly Pty Ltd seeks to consult with Aboriginal persons or groups who may hold cultural knowledge of, or who have a right of interest in Aboriginal objects, places, and/or Aboriginal Cultural Heritage values in the area of interest (see attached plan).

Should you know of any Aboriginal person or group who may wish to be consulted during this project in relation to the project described above, please contact Anna Nardis before 5:00pm on Friday 31<sup>st</sup> of December 2010 via the contact details below. Specifically we require a list of Registered Aboriginal Owners, pursuant to Division 3 of the *Aboriginal Land Rights Act* 1983 (NSW), that the Registrar of Aboriginal Owners is aware of within the area of interest.

The SJ Connelly Pty Ltd has also initiated contact with the DECCW, the Kempsey Council, the National Native Title Tribunal, Native Title Services Corporation Limited, the Northern Rivers Catchment Authority and the Kempsey Local Aboriginal Land Council as per the DECCW *Aboriginal Cultural Heritage Consultation Requirements for Proponents* (2010).

Yours faithfully

Dear Ms Nardis

### *RE: PROPOSED RESIDENTIAL DEVELOPMENT*

I refer to your correspondence, dated 17<sup>th</sup> December 2010 to the Department of Environment, Climate Change and Water (DECCW) for your project located within Kempsey LGA and described as proposed residential development.

Please find attached a list of known Aboriginal parties that DECCW considers is likely to have an interest in your development. I note this is not necessarily an exhaustive list of all interested Aboriginal parties. Receipt of this list does not remove the requirement for a proponent/consultant to advertise the proposal in the local print media and contact other bodies and community groups seeking interested Aboriginal parties, in accordance with DECCW's *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010 (CRs)*.

We would also like to take this opportunity to remind the proponent or consultant of a number of key issues we have been encountering of late, and we'd ask your organisation to take note and ensure compliance please. These issues include:

- Please ensure the project documents the full consultation process in the Aboriginal cultural heritage assessment report or Aboriginal Heritage Impact Permit application and to include copies of all correspondence sent or received from all relevant stakeholders (including Aboriginal stakeholders and the agencies listed in section 4.1.2). *Omission of these records in the final report may cause delays in approval or require parts of the consultation process to be repeated if the evidence provided to DECCW does not demonstrate that the consultation process has been fair, equitable and transparent.*
- *Unless DECCW is provided with evidence that reasonable attempts have been made to contact the relevant parties associated with the CRs, then DECCW will deem that the consultation process has not been complied with.*
- DECCW considers *evidence of reasonable efforts to contact relevant parties would include, but not be limited to, multiple forms of communication; faxes (with confirmation slips demonstrating successful transmission), an e-mail log, registered post details, copies of letters and a phone call log.*

- Please note in Appendix A of the 2010 CRs contains a map illustrating which regions of DECCW that need to be contacted according to which local government area your project falls within. Full details of the consultation requirements and the relevant Fact Sheets can be located on our website at: <http://www.environment.nsw.gov.au/licences/consultation.htm>
- If you encounter any changes to the contact details of interested Aboriginal parties, or become aware of additional parties, we encourage you to forward this information to the Department so we can update our records.
- Consultation must be fair, equitable and transparent. If the Aboriginal parties express concern or objects to parts or all of your project, DECCW expects that evidence will be provided to demonstrate the efforts made to find common ground between the two perspectives.

If you have any further questions regarding this matter, please contact me on (02) 6659 8272.

Yours sincerely

Hi,

I am following up correspondence sent to Kempsey Local Aboriginal Land Council in relation to reference number PR107050: AN and wish to register Kempsey LALC as an Aboriginal Interest Group.

I apologise for not contacting you earlier, however, our office was closed from the 23 December 2010 – 4 January 2011 and I have only just received it.

If you would like to discuss this further, please don't hesitate to contact me on the numbers below

**Regards**

Dear Ms Nardis

**Native Title Search Results of Keith Andrews Ave, South West Rocks within Kempsey Shire  
 Council Local Government Area**

Thank you for your letter of 17 December 2010.

The Tribunal's Geospatial Services' search on 21 December 2010 found:

<b>Register Type</b>	<b>NNTT Reference Numbers</b>
National Native Title Register	Nil.
Register of Native Title Claims	Nil.
Unregistered Claimant applications	Nil.
Register of Indigenous Land Use Agreements	Nil.

I have included a NNTT Registers fact sheet to help you understand the search result.

Please note that there may be a delay between a native title determination application being lodged in the Federal Court and its transfer to the Tribunal. As a result, some native title determination applications recently filed in the Federal Court may not appear on the Tribunal's databases.

If you need more information please call me on 1800 640 501.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'N. Thorpe', is centered on a light beige rectangular background.

## Searching the NNTT Registers in New South Wales

### Search service

On request the National Native Title Tribunal will search its public registers for you. A search may assist you in finding out whether any native title applications (claims), determinations or agreements exist over a particular area of land or water.

**In New South Wales native title cannot exist on privately owned land including family homes or farms.**

### What information can a search provide?

A search can confirm whether any applications, agreements or determinations are registered in a local government area. Relevant information, including register extracts and application summaries, will be provided.

In NSW because we cannot search the registers in relation to individual parcels of land we search by local government area.

**Most native title applications do not identify each parcel of land claimed. They have an external boundary and then identify the areas not claimed within the boundary by reference to types of land tenure e.g., freehold, agricultural leasehold, public works.**

### What if the search shows no current applications?

If there is no application covering the local government area this only indicates that at the time of the search either the Federal Court had not received any claims in relation to the local government area or the Tribunal had not yet been notified of any new native title claims.

It does not mean that native title does not exist in the area.

**Native title may exist over an area of land or waters whether or not a claim for native title has been made.**

### Where the information is found

The information you are seeking is held in three registers and on an applications database.

### National Native Title Register

The National Native Title Register contains determinations of native title by the High Court, Federal Court and other courts.

### Register of Native Title Claims

The Register of Native Title Claims contains applications for native title that have passed a registration test.

**Registered claims attract rights, including the right to negotiate about some types of proposed developments.**

### Register of Indigenous Land Use Agreements

The Register of Indigenous Land Use Agreements contains agreements made with people who hold or assert native title in an area.

**The register identifies development activities that have been agreed by the parties.**

### Application summaries

An application summary contains a description of the location, content and status of a native title claim.

This information may be different to the information on the Register of Native Title Claims, e.g., because an amendment has not yet been tested.

### How do you request a search?

A search request form is available on the Tribunal's web site at:  
<http://www.nntt.gov.au/registers/search.html>  
This form says how much searches cost.  
Mail, fax or email your request to the Tribunal's Sydney registry, identifying the local government area/s you want searched.

**Email: [SydneySearch@nntt.gov.au](mailto:SydneySearch@nntt.gov.au)**

**Fax: (02) 9233 5613**

**Address: GPO Box 9973, Sydney NSW 2001**

22 December 2010

Dear Anna

**Re: Registration of Aboriginal Interest Groups for Keith Andrews Ave,  
South West Rocks**

Thank you for your letter dated 17 December 2010 providing the opportunity to identify Aboriginal stakeholders who may have an interest in the area of Keith Andrews Ave, South West Rocks.

The Northern Rivers Catchment Management Authority (NRCMA) understands that CMAs have been listed under the provisions of the *National Parks and Wildlife Act 1974* as a source for Aboriginal contacts that may hold cultural knowledge relevant to determining the significance of Aboriginal objects and/or places.

The NRCMA works with many Aboriginal communities and stakeholders in the region to deliver activities that contribute to the targets of the Northern Rivers Catchment Action Plan (CAP). The NRCMA encourages all planning instruments, proposals and decision-making processes to identify and adequately manage landscapes which have significance to Aboriginal communities in accordance with the CAP's Aboriginal Cultural Integration target. However, the NRCMA is not responsible for managing lists of NRM stakeholders, and does not maintain a contact list for Aboriginal communities or persons that may hold information relevant to planning proposals.

The NRCMA recommends that you contact the NSW Department of Environment Climate Change and Water's Cultural Heritage Division in Coffs Harbour for contact details of Aboriginal stakeholders who may wish to comment on your proposal.

If you wish to discuss this matter further, please contact Nicole Strehling on 02 6561 4960.

Yours sincerely

Hamilton NSW 2303

Dear Anna,

**Re: Request - Search for Registered Aboriginal Owners**

I refer to your letter dated 17 December 2010 regarding Aboriginal Cultural Heritage Assessment at South West Rocks in NSW.

I apologise in the delay in responding but we did not receive your letter until 19 January 2011.

I have searched the Register of Aboriginal Owners and the project area described does have Registered Aboriginal Owners pursuant to Division 3 of the *Aboriginal Land Rights Act 1983 (NSW)*.

The newly created Gaagal Wanggaan (South Beach) National Park is directly north of the project area. This land is Aboriginal owned and jointly managed by Aboriginal owners. You should contact the Department of Environment, Climate Change and Water (Coffs Harbour office) for an appropriate contact within this group.

I note that you are in contact with the Kempsey Local Aboriginal Land Council. They may also be able to assist you in identifying other Aboriginal stakeholders for this project.

Please note that your correspondence continues to be addressed to the Aboriginal Affairs NSW location in Surry Hills. Our postal address is PO Box 112, Glebe NSW 2037. We have not been located in Surry Hills for the last three years.

Yours sincerely

Dear Raymond,

**RE: REGISTRATION OF ABORIGINAL INTEREST GROUPS FOR ARCHAEOLOGICAL INVESTIGATION**

SJ Connelly CPP Pty Ltd proposes to lodge a request with the Minister for Planning under Section Part 3A of the *Environmental Planning and Assessment Act* (1979) for a site at South West Rocks to be used as proposed residential development.

As such, RPS Australia East Pty Ltd will be conducting an Aboriginal Cultural Heritage Assessment for SJ Connelly CPP Pty Ltd of PO Box 538, Lennox Head, NSW 2478. The site is located at Keith Andrews Avenue, South West Rock in the Kempsey Shire LGA.

The project requires an archaeological survey and cultural heritage assessment to support a development application for proposed residential development. The study area of the application is described as the "Area of Interest" on the enclosed plan.

In accordance with the NSW Department of Environment, Climate Change and Water (DECCW) *Aboriginal Cultural Heritage Consultation Requirements for Proponents* (2010), RPS is inviting your organisation to register an interest to participate in the Aboriginal community consultation process for this project. If your organisation would like to register for this project, your details will be forwarded to the NSW DECCW and the Local Aboriginal Land Council unless you inform us otherwise.

To register your organisations interest in the Aboriginal community process for this project, could you please respond in writing by 5.00 pm of **Thursday 27<sup>th</sup> January 2011** to Anna Nardis via the contact details at the top of this page.

We trust this information is sufficient for your purposes; however should you require any further details or clarification, please do not hesitate to contact the writer by telephone (02) 4940 4200 or by return email to [Anna.nardis@rpsgroup.com.au](mailto:Anna.nardis@rpsgroup.com.au).

Yours faithfully

**ATTENTION: Arthur Kelly**

Dear Arthur,

**RE: REGISTRATION OF ABORIGINAL INTEREST GROUPS FOR ARCHAEOLOGICAL INVESTIGATION**

SJ Connelly CPP Pty Ltd proposes to lodge a request with the Minister for Planning under Section Part 3A of the *Environmental Planning and Assessment Act* (1979) for a site at South West Rocks to be used as proposed residential development.

As such, RPS Australia East Pty Ltd will be conducting an Aboriginal Cultural Heritage Assessment for SJ Connelly CPP Pty Ltd of PO Box 538, Lennox Head, NSW 2478. The site is located at Keith Andrews Avenue, South West Rock in the Kempsey Shire LGA.

The project requires an archaeological survey and cultural heritage assessment to support a development application for proposed residential development. The study area of the application is described as the "Area of Interest" on the enclosed plan.

In accordance with the NSW Department of Environment, Climate Change and Water (DECCW) *Aboriginal Cultural Heritage Consultation Requirements for Proponents* (2010), RPS is inviting your organisation to register an interest to participate in the Aboriginal community consultation process for this project. If your organisation would like to register for this project, your details will be forwarded to the NSW DECCW and the Local Aboriginal Land Council unless you inform us otherwise.

To register your organisations interest in the Aboriginal community process for this project, could you please respond in writing by 5.00 pm of **Thursday 27<sup>th</sup> January 2011** to Anna Nardis via the contact details at the top of this page.

We trust this information is sufficient for your purposes; however should you require any further details or clarification, please do not hesitate to contact the writer by telephone (02) 4940 4200 or by return email to [Anna.nardis@rpsgroup.com.au](mailto:Anna.nardis@rpsgroup.com.au).

Yours faithfully

**Hannah Rose Luxford-Matthews**  
(20 years young)  
2nd May 1988- 22 December 2008  
**REMEMBERING HANNAH**

Every day our hearts ache to have you with us.  
We long to hear your voice, to feel your hand in  
ours, to laugh together again, to celebrate the  
strong bond we've shared as family.  
The empty space that is in our lives since you left  
us gently fills with the sweetest memories of our life  
shared. We tell yours always of the things we've  
shared, good times, hard times and fun times.  
We have a fierce love for you Hannah that only  
grows stronger as time moves forward.  
To us a year is a second; you are not gone from us,  
we know you are in peace and still with us; we hear  
you and see you in the beauty, grace and simplicity  
in Nature every day.  
We love you with all our hearts and souls  
Mum (Maura), Esther, Joe & Family.

### IN MEMORIAM

**IN LOVING MEMORY OF**  
**OUR SISTER AND AUNT**  
**BEVERLY CHARLESWORTH**  
Who God called home on the  
21 December, 2009

God saw the way you suffered  
So He put his arms around you and whispered  
"Come with me"  
Win her life after we watched you suffer and  
fade away  
Although we loved you deeply  
We could not make you stay  
A golden halo in sloped bearing, hand working  
hands put to rest  
God broke our hearts to prove to us  
He only takes the best  
I love you Sister & Aunt  
and always will be sadly missed by  
Dore, Terry, Gavin, Chris, Luke, Kelli,  
Marian, Robin, Joshua and Leanne

### THE CLASSIFIEDS

measuring up to your expectations  
one ad at a time.

Are you searching for a better  
job or a more reliable car?  
Have you outgrown your  
apartment? Are you looking to  
get rid of that old couch and  
chair sitting in the garage?  
Whether you're buying or  
selling, The Classifieds has it all.  
From cars and employment to  
real estate and household  
goods, you'll find everything  
you need in The Classifieds.  
Put the Classifieds to work for  
you, and find even closer to  
your goals.

Dear Mervyn Cohen,

**RE: METHODOLOGY FOR ARCHAEOLOGICAL INVESTIGATION AT SOUTH WEST ROCKS**

Thank you for your registration of interest in this project. Attached is information about the proposed project and the heritage assessment methodology including the methodology for information regarding cultural significance.

We are seeking your input into the heritage assessment methodology. We have attached a feedback form which you may wish to use in response to the methodology.

If you could provide feed back on the methodology to RPS by the Wednesday 16<sup>th</sup> March 2011, either by email or return mail that would be greatly appreciated. Please address methodology feedback to Ali Byrne:

## **South West Rocks Heritage Assessment Methodology, Project Information and Protocols for Sensitive Cultural Information**

The following information has been provided in accordance with the Aboriginal Cultural Heritage Consultation Requirements 2010 (ACHCRs). Information has been provided on the proposed project (as required by Stage 2 ACHCRs) as well as on gathering information regarding cultural significance (as required by ACHCRs) assessment. The project will be assessed under Part 3A of the Environmental Planning and Assessment Act 1979.

The ACHCRs have been implemented to undertake Aboriginal consultation, however, there is no Aboriginal Heritage Impact Permit (AHIP) application pending for this project.

### **Project Information**

SJ Connelly CPP Pty Ltd proposes to lodge a request with the Minister for Planning Under Section Part 3A of the *Environmental Planning and Assessment Act* (1979) for proposed urban development at South West Rocks to be used as proposed residential development.

As part of the ACHCR process Aboriginal stakeholders are expected to respond to information sent, as well as provide cultural heritage information as appropriate in accordance with the role specified in the ACHCR 2010, pages 15-16. RPS and SJ Connelly CCP Pty Ltd in accordance with their role under the ACHCRs will consult with the Aboriginal community, will supply suitable project information and provide the opportunity for Aboriginal stakeholder input into the heritage management process as specified in the ACHCRs 2010, pages 16-17.

### **Aboriginal Cultural Heritage Assessment Methodology and Gathering Information Regarding Cultural Significance**

The methodology for the Aboriginal cultural heritage assessment comprises:

- a review of background environmental and archaeological information,
- an AHIMS search;
- formulation of a predictive model;
- a heritage survey;
- assessment of significance, and;
- the formulation of recommendations for heritage management.

The above components of the Aboriginal heritage assessment methodology will be completed in consultation with Aboriginal stakeholders.

RPS invites Aboriginal stakeholders to provide culturally appropriate information verbally or in writing with regards to this project (a feedback form is attached and may be used as necessary). This includes any places of cultural value which may, or may not contain archaeological material.

Cultural information provided by Aboriginal stakeholders will be recorded in the Aboriginal consultation log and discussed in the report, unless the information is too sensitive to be made public in which case, the attached protocol will be adopted (Figure 2), or another protocol adopted as agreed by the Aboriginal stakeholder/s.

As part of this methodology Aboriginal stakeholders will be provided with the draft report for comment and allowed 28 days for review, as per page 14 of the ACHCRs 2010.

## Aboriginal Feedback Form for the South West Rocks Project

I have been sent information regarding the proposed heritage assessment methodology including protocols for the management of sensitive cultural information for the investigation of the South West Rocks, Kempspey LGA. I seek to endorse the proposed methodology, unless otherwise stated below, or with the following amendments:

## South West Rocks Heritage Assessment Methodology, Project Information and Protocols for Sensitive Cultural Information

The following information has been provided in accordance with the Aboriginal Cultural Heritage Consultation Requirements 2010 (ACHCRs). Information has been provided on the proposed project (as required by Stage 2 ACHCRs) as well as on gathering information regarding cultural significance (as required by ACHCRs) assessment. The project will be assessed under Part 3A of the Environmental Planning and Assessment Act 1979.

The ACHCRs have been implemented to undertake Aboriginal consultation, however, there is no Aboriginal Heritage Impact Permit (AHIP) application pending for this project.

### Project Information

SJ Connelly CPP Pty Ltd proposes to lodge a request with the Minister for Planning Under Section Part 3A of the *Environmental Planning and Assessment Act* (1979) for proposed urban development at South West Rocks to be used as proposed residential development.

As part of the ACHCR process Aboriginal stakeholders are expected to respond to information sent, as well as provide cultural heritage information as appropriate in accordance with the role specified in the ACHCR 2010, pages 15-16. RPS and SJ Connelly CCP Pty Ltd in accordance with their role under the ACHCRs will consult with the Aboriginal community, will supply suitable project information and provide the opportunity for Aboriginal stakeholder input into the heritage management process as specified in the ACHCRs 2010, pages 16-17.

### Aboriginal Cultural Heritage Assessment Methodology and Gathering Information Regarding Cultural Significance

The methodology for the Aboriginal cultural heritage assessment comprises:

- a review of background environmental and archaeological information,
- an AHIMS search;
- formulation of a predictive model;
- a heritage survey;
- assessment of significance, and;
- the formulation of recommendations for heritage management.

The above components of the Aboriginal heritage assessment methodology will be completed in consultation with Aboriginal stakeholders.

RPS invites Aboriginal stakeholders to provide culturally appropriate information verbally or in writing with regards to this project (a feedback form is attached and may be used as necessary). This includes any places of cultural value which may, or may not contain archaeological material.

Cultural information provided by Aboriginal stakeholders will be recorded in the Aboriginal consultation log and discussed in the report, unless the information is too sensitive to be made public in which case, the attached protocol will be adopted (Figure 2), or another protocol adopted as agreed by the Aboriginal stakeholder/s.

As part of this methodology Aboriginal stakeholders will be provided with the draft report for comment and allowed 28 days for review, as per page 14 of the ACHCRs 2010.

## Aboriginal Feedback Form for the South West Rocks Project

I have been sent information regarding the proposed heritage assessment methodology including protocols for the management of sensitive cultural information for the investigation of the South West Rocks, Kempspey LGA. I seek to endorse the proposed methodology, unless otherwise stated below, or with the following amendments:

Dear Ms Buck,

Thank you for your correspondence regarding the cultural heritage assessment at Keith Andrews Avenue, South West Rocks. Please find attached the Draft report for your review and comment. If you would like your comments included in the final version of the report please forward these in writing or via email to [<ali.byrne@rpsgroup.com.au>](mailto:ali.byrne@rpsgroup.com.au) no later than **5pm Wednesday 12 May 2011**.

We are happy to discuss the results of the assessment and welcome your comments and/or suggestions. If you would like to discuss anything further please contact Laraine Nelson or myself on (02) 4940 4200.

Yours faithfully,

**Ali Byrne**

Dear Ms Nardis

### RE: PROPOSED RESIDENTIAL DEVELOPMENT

I refer to your correspondence, dated 17<sup>th</sup> December 2010 to the Department of Environment, Climate Change and Water (DECCW) for your project located within Kempsey LGA and described as proposed residential development.

Please find attached a list of known Aboriginal parties that DECCW considers is likely to have an interest in your development. I note this is not necessarily an exhaustive list of all interested Aboriginal parties. Receipt of this list does not remove the requirement for a proponent/consultant to advertise the proposal in the local print media and contact other bodies and community groups seeking interested Aboriginal parties, in accordance with DECCW's *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010 (CRs)*.

We would also like to take this opportunity to remind the proponent or consultant of a number of key issues we have been encountering of late, and we'd ask your organisation to take note and ensure compliance please. These issues include:

- Please ensure the project documents the full consultation process in the Aboriginal cultural heritage assessment report or Aboriginal Heritage Impact Permit application and to include copies of all correspondence sent or received from all relevant stakeholders (including Aboriginal stakeholders and the agencies listed in section 4.1.2). *Omission of these records in the final report may cause delays in approval or require parts of the consultation process to be repeated if the evidence provided to DECCW does not demonstrate that the consultation process has been fair, equitable and transparent.*
- *Unless DECCW is provided with evidence that reasonable attempts have been made to contact the relevant parties associated with the CRs, then DECCW will deem that the consultation process has not been complied with.*
- DECCW considers *evidence of reasonable efforts to contact relevant parties would include, but not be limited to, multiple forms of communication; faxes (with confirmation slips demonstrating successful transmission), an e-mail log, registered post details, copies of letters and a phone call log.*

- Please note in Appendix A of the 2010 CRs contains a map illustrating which regions of DECCW that need to be contacted according to which local government area your project falls within. Full details of the consultation requirements and the relevant Fact Sheets can be located on our website at: <http://www.environment.nsw.gov.au/licences/consultation.htm>
- If you encounter any changes to the contact details of interested Aboriginal parties, or become aware of additional parties, we encourage you to forward this information to the Department so we can update our records.
- Consultation must be fair, equitable and transparent. If the Aboriginal parties express concern or objects to parts or all of your project, DECCW expects that evidence will be provided to demonstrate the efforts made to find common ground between the two perspectives.

If you have any further questions regarding this matter, please contact me on (02) 6659 8272.

Yours sincerely

## Appendix 4

### Glossary of Site Types

### Aboriginal site types

The following is a brief description of most Aboriginal site types.

#### Artefact Scatters

Artefact scatters are defined by the presence of two or more stone artefacts in close association (i.e. within fifty metres of each other). An artefact scatter may consist solely of surface material exposed by erosion, or may contain sub-surface deposit of varying depth. Associated features may include hearths or stone-lined fireplaces, and heat treatment pits.

Artefact scatters may represent:

- Camp sites: involving short or long-term habitation, manufacture and maintenance of stone or wooden tools, raw material management, tool storage and food preparation and consumption;
- Hunting or gathering activities;
- Activities spatially separated from camp sites (e.g. tool manufacture or maintenance); or
- Transient movement through the landscape.

The detection of artefact scatters depends upon conditions of surface visibility, including vegetation cover, ground disturbance and recent sediment deposition. Factors such as poor light, vegetation, leaf litter may obscure artefact scatters and prevent their detection during surface surveys.

#### Bora Grounds

Bora grounds are a ceremonial site associated with initiations. They usually comprise two circular depressions in the earth, and may be edged with stone. Bora grounds generally occur on soft sediments in river valleys, although they may also be located on high, rocky ground in association with stone arrangements.

#### Burials

Human remains were often placed in hollow trees, caves or sand deposits and may have been marked by carved or scarred trees. Burials have been identified eroding out of sand deposits or creek banks, or when disturbed by development. The probability of detecting burials during archaeological fieldwork is extremely low.

#### Culturally Modified Trees

Culturally modified trees include scarred and carved trees. Scarred trees are caused by the removal of bark for use in manufacturing canoes, containers, shields or shelters. Notches were also carved in trees to permit easier climbing. Scarred trees are only likely to be present on mature trees remaining from original vegetation. Carved trees, the easiest to identify, are caused by the removal of bark to create a working surface on which engravings are incised. Carved trees were used as markers for ceremonial and symbolic purposes, including burials. Although, carved trees were relatively common in NSW in the early 20th century, vegetation removal has rendered this site type extremely rare. Modified trees, where bark was removed for often domestic use are less easily identified. Criteria for identifying modified trees include: the age of the tree; type of tree (the bark of many trees is not suitable, also introduced species would be unlikely subjects); axe marks (with the need to determine the type of axe - stone or steel – though Aborigines after settlement did use steel); shape of the scar (natural or humanly scarred); height of the scar above the ground (reasonable working height with consideration given to subsequent growth).

#### Fish Traps

Fish traps comprised arrangements of stone, branches and/or wickerwork placed in watercourses, estuaries and along coasts to trap or permit the easier capture of sea-life.

### **Grinding Grooves**

Grinding grooves are elongated narrow depressions in soft rocks (particularly sedimentary), generally associated with watercourses, that are created by the shaping and sharpening of ground-edge implements. To produce a sharp edge the axe blank (or re-worked axe) was honed on a natural stone surface near a source of water. The water was required for lubricating the grinding process. Axe grinding grooves can be identified by features such as a narrow short groove, with greatest depth near the groove centre. The grooves also display a patina developed through friction between stone surfaces. Generally a series of grooves are found as a result of the repetitive process.

### **Isolated Finds**

An Isolated find describes a site where only one artefact is visible. These finds are not found in apparent association with other evidence for prehistoric activity or occupation. Isolated finds occur anywhere and may represent loss, deliberate discard or abandonment of an artefact, or may be the remains of a dispersed artefact scatter. Numerous isolated finds have been recorded within the study area. An isolated find may flag the occurrence of other less visible artefacts in the vicinity or may indicate disturbance or relocation after the original discard.

### **Middens**

Shell middens comprise deposits of shell remaining from consumption and are common in coastal regions and along watercourses. Middens vary in size, preservation and content, although they often contain artefacts made from stone, bone or shell, charcoal, and the remains of terrestrial or aquatic fauna that formed an additional component of Aboriginal diet. Middens can provide significant information on land-use patterns, diet, chronology of occupation and environmental conditions.

### **Mounds**

Aboriginal mounds are places where people lived and reflect a record of that living space. Mounds may be places where Aboriginal people lived over long periods of time. Mounds often contain charcoal, burnt clay or stone heat retainers from cooking ovens, animal bones, shells, stone tools and occasionally Aboriginal burials.

### **Mythological / Traditional Sites**

Mythological and traditional sites of significance to Aboriginal people may occur in any location, although they are often associated with natural landscape features. They include sites associated with dreaming stories, massacre sites, traditional camp sites and contact sites. Consultation with the local Aboriginal community is essential for identifying these sites.

### **Ochre quarries**

Ochre, iron oxide may in colours through brown, yellow to red. Ochre may have been used dry for colouring hair or skin or ground to a fine powder and mixed with mediums such as water, blood, fat, etc as a fixative. Ochre was used for decorating the body, artefacts and rock shelters. Quality deposits provided a valuable resource with evidence of wide spread trade of the substance.

### **Rock Shelters may contain Art and / or Occupation Deposit**

Rock shelters occur where geological formations suitable for habitation or use are present, such as rock overhangs, shelters or caves. Rock shelter sites generally contain artefacts, food remains and/or rock art and may include sites with areas of potential archaeological deposit, where evidence of rock-art or human occupation is expected but not visible. The geological composition of a study area will indicate the likelihood for rock shelters to occur.

**Stone Arrangements**

Stone arrangements include lines, circles, mounds, or other patterns of stone arranged by Aboriginal people. These may be associated with bora grounds, ceremonial sites, mythological or sacred sites. Stone arrangements are more likely to occur on hill tops and ridge crests that contain stone outcrops or surface stone. Preservation of those sites is dependent on minimal impact from recent land use practices.

**Stone Quarries**

A stone quarry is a place at which stone resource exploitation has occurred. Quarry sites are only located where the exposed stone material is suitable for use either for ceremonial purposes (e.g. ochre) or for artefact manufacture.

GREGORY STREET, SOUTH WEST ROCKS**

**RE: REPORT ON ABORIGINAL RELICS AND SITES**

I, Cedric Button, Aboriginal Elder of Crescent Head, submit the findings of a survey undertaken by me and others.

This survey was for the purpose of looking for Aboriginal Artifacts, Burial sites, Middens, Birthingsites and other sites of significance.

**ABORIGINAL ARTIFACTS:** None have been found on this site.

**BIRTHING SITES:** None found.

**BURIAL SITES:** No Burial sites have been found on or near this site.

**BORA RINGS:** None found on this property.

**MIDDENS:** No shells have been found i.e. pipis, oysters or any other sea shells.

This report is for the proposed subdivision at Gregory Street, South West Rocks.

All earth movement, digging, tree felling must be monitored by Aboriginal Elders.

Cedric Button

Aboriginal Elder

Crescent Head

Date:

13-12-06.

**SURVEY: LOT 511, DP 1048157  
BELLE O'CONNOR STREET, SOUTH WEST ROCKS**

**RE: REPORT ON ABORIGINAL RELICS AND SITES**

I, CEDRIC BUTTON, Aboriginal Elder of Crescent Head, submit the findings of a survey undertaken by others and myself.

This survey was for the purpose of looking for aboriginal artefacts, burial sites, middens, birthing sites and other sites of significance.

Aboriginal Artifacts:	None found on this site
Birthing Sites:	None found on this site
Burial Sites:	None found on this site, or adjoining properties
Bora Rings:	None found
Middens:	No shells have been found ie: pipis, oysters, or Any other shells

This report is for the proposed subdivision at Belle O'Connor Street, South West Rocks, by Eric Norman Developments Pty Ltd.

All earth movement, digging, and tree felling must be monitored by Aboriginal Elders or by appointed members of the Aboriginal Community by the said Aboriginal Elders.

  
Cedric Button  
Aboriginal Elder  
Crescent Head

Dated: 10 October 2007
