Content:

I wish to oppose the proposed extension of the Drayton Mine in Muswellbrook Shire. I believe the proximity of this proposed mine to the existing equestrian industries particularly Coolmore and Dalley Horse Studs is of major concern. I also believe that an addition to the already large coal exploiting industries (80%) in the Muswellbrook shire threaten the survival of more sustainable activities like the thoroughbred industries, viticulture and olive production which offer long term opportunities once coal extraction has passed in the next couple of decades. The village of Jerry's Plains to the east of this proposed extension is also in danger of complete encirclement by coal mining activities and its future as a pleasant rural hamlet servicing the local community will be extinguished. Balance is required and some restraint on coalmining activities is well overdue.
