Hi Matthew.

Thanks for your email.

I just had a review of the documentation and in this instance, my estimate is that the changes in the mod application will result in similar impacts on the transport network as the previously approved application. Therefore, TfNSW won't be making a submission in this instance.

best regards

Mark

Dear Mark,

Could you, or one of your colleagues, please confirm when TfNSW might be able to provide comments on the above modification request application? The exhibition period closed on 06 February.

Please note that the Department has granted Marrickville Council an extension of time to provide comments until the 20th February. I would be happy to also extend the period for TfNSW's response to coincide with the Council deadline. However, please note that an extension beyond that date is unlikely.

I look forward to hearing from you

Kind regards
