Berkeley, NSW  
2506

**Content:**

As a health care professional and a home owner in Berkeley NSW, i feel a project like the "Life City" one would be a definite asset to the area, not only the immediate area but the entire South Coast. It will bring employment, medical specialty services and much needed private health/aged care and educational options for our community members. I see this project as an important addition to our area which will be in demand in future years with the ever increasing retirees moving to the South Coast.
