Subject: Proposed Subdivision - George Evans Road and Jonsson Road Mundamia

Dear Ray

Lot 3 DP 568613 and Lot 384 DP 755952
George Evans Rd & Jonsson Rd, Mundamia

I am writing this email as discussed with you on an earlier phone call in regards to making sure that the road access off Jonsson Rd, Mundamia in this proposal will be passed and we will have our access maintained to our property via the proposed road in these plans that will run down by the side of our property.

We support the road being put in place down the side of our property.

We support this road as our access to our property (42 Jonsson Rd, Mundamia) has always been through the side of the block and if this road is not put in place we will not be able to gain access to our backyard or garage. This was the access that was used by the previous owners of this property.

We look forward to the Proposed Subdivision.

Regards
