Hi Mark,

As the PPR appears to have only minor changes, that will not impact our assets or servicing capacity Sydney Water has no further comments at this stage.

As per our original comments, Sydney Water will further assess the impact of the development at the Section 73 stage. This assessment will enable us to specify any works required as a result of the development including adjustments, upgrades and connection points.

Regards

Adrian,

Following the receipt of comments during the exhibition of the above project, the Proponent has submitted a Preferred Project Report (PPR) and Response to Submissions (RtS) responding to these submissions.

An electronic copy of the PPR / RtS (excluding appendices) is attached for your information. The documentation, including appendices is available on the Department's website at the following link:

http://majorprojects.planning.nsw.gov.au/index.pl?action=view_job&job_id=4486

The Department is currently finalising the assessment of the project and is forwarding the PPR / RtS for your information.

Thanks,

Mark Brown
