

Respondent: Heritage Council of NSW

Aspect	Issue	Clarification / Response	EA Section/ Specialist Study reference
Non-Indigenous Heritage Assessment	The Draft Statement of Commitments relating to Non-indigenous Heritage must be revised once the design and scope of project works is further refined, to take into consideration any additional impacts resulting from this on-going refinement of works.	SIMTA is committed to undertaking further detailed assessment of heritage impacts and mitigation measures at subsequent planning assessment stages as shown in Section 18 of the EA.  These would be undertaken in accordance with the assessment requirements and Conditions of Approval issued by Department of Planning and Infrastructure (DP&I) for each relevant stage.	Section 18
Non-Indigenous Heritage Assessment	A Statement of Heritage Impact for Glenfield Farm must be submitted to the Heritage Council prior to any works being approved or taking place which could impact on the property.	Section 7.2.5 <i>Non-Indigenous Heritage Assessment</i> report provides a Statement of Heritage Impact (SoHI) for Glenfield Farm. This SoHI is summarised in Table 9.  Further, the following statement is included in the EA (Section 18):  <i>The Proponent commits to undertaking the recommendations in the Non-Indigenous Heritage and including:</i>  <ul style="list-style-type: none"> <li>▪ <i>Preparing a Statement of Heritage Impact (SoHI) for submissions to the Minister for Planning and Infrastructure as part of staged planning applications at State level.</i></li> <li>▪ <i>Preparing a Statement of Heritage Impact (SoHI) for each relevant stage, including legal status of the site and advice on required actions depending on whether the site is listed or unlisted at the time that approval is sought.</i></li> </ul>	Sections 12.3.2 and 18 Appendix T <i>Non-Indigenous Heritage – Transitional Part 3A Concept Plan Application</i> (Artefact, June 2012)

Non-Indigenous Heritage Assessment	Prior to any historical archaeological investigations taking place, the proposed Excavation Director must submit a statement to the Heritage Council detailing their suitability to undertake the works against the Heritage Council Excavation Directors Criteria.	<p>Noted.</p> <p>As stated in Section 12.3.2, investigations for subsequent stages of planning approval would be undertaken by a suitable archaeologist with Excavation Director Criteria qualifications, who would assess the areas identified for further investigation and the likely significance of any archaeological deposits encountered, and provide advice regarding appropriate further action.</p> <p>The Statement of Commitments (Section 18) states:  <i>The Proponent commits to undertaking the recommendations within the Non-Indigenous Heritage and including:</i></p> <ul style="list-style-type: none"> <li>▪ <i>Preparing a Statement of Heritage Impact for each relevant stage, including the legal status of the site and advice on required actions depending on whether the site is listed or unlisted at the time that approval is sought.</i></li> <li>▪ <i>Undertaking further archaeological assessment and investigation or monitoring, where required in areas designated as having archaeological potential that would be impacted by the proposal. The SoHIs for each relevant stage should address the archaeological potential within the development area for each stage.</i></li> </ul>	Section 12.3.2 Appendix T <i>Non-Indigenous Heritage – Transitional Part 3A Concept Plan Application (Artefact, June 2012)</i>
