Re: Abalone Factory Farm Project, Pindimar, NSW

Dear Mr. Ritchie.

Your name was given to me by a friend in Pindimar who I visit frequently.

I object to the project because it will add unknown biology to the port and the port should be protected for us, and for future generations. Shouldn't someone be worrying about the disease that could spread? I understand that a huge amount of oysters died recently because of some contamination.

Please lodge my very strong objection.

Sincerely,

A handwritten signature in dark ink, appearing to read "Katie Cameron". The signature is fluid and cursive, with the first name being more prominent.

Katie Cameron, Private Citizen
