Pindimar Abalone Farm

Dear Sir or Madam:

First of all, I have not made any political donations, probably ever.

I object to the proposed abalone farm based on a few items. The first one is that the intake and exit pipes are very close to Soldiers Point (less than 2ks). There has been no community consultation at that location and I believe Soldiers Point residents should have the same consideration as those in Pindimar and Tea Gardens. The second one is that the species doesn't interest most Australians' palate, and I believe our waters should be used for fishing local species. In addition, there is a marine park very close by and infantile larvae could easily disappear into the huge pipes sucking up water from the port. Third, it appears this site is either in the middle of or very close to the bridge and road from Soldiers Point to Pindimar to Tea Gardens that is part of the future plan for the area.

Please log in my objection.

Thank you.
