Subject: Request for Security Key

Applicant Details

Name: Miss Jennifer Bullock

Company Details

Name: JENNIFER BULLOCK

ABN:

Job: Part3AMod #6499 MP 07_0106 MOD 6 Modification to Concept Plan Former Sunbeam Site, Campsie

https://majorprojects.affinitylive.com/?action=frameset&frameset_action=view_job&id=6499

Site: Former Sunbeam Factory Campsie

https://majorprojects.affinitylive.com/?action=frameset&frameset_action=view_site&id=1535

Security Key: 60573498

Application url: http://majorprojects.planning.nsw.gov.au/application/Login/?job_id=6499

Reason for requesting key:

I am still against with the proposal of the height adjustment and modifications to the above mentioned development. I am still very worried about the impact of the extra cars that will be involved in this as well as the extra amount of people that will impact on the neighbourhood. We have already noticed extra traffic from people residing in the property and with extra people there we feel that it will be unbearable. With regards to the buildings in progress we would like you to investigate to make sure that they have not gone above the regulation height as our telecommunications is being effected by the height of this building. This was a quiet residential area and you are taking away our privacy and peace and quiet as we'll you will be taking away our parking spots in front of our houses as the overflow from this development will have to park in streets nearby. Please consider all this.

Furtermore I would like an ICAC investigation into this development
