Department of Planning and Environment

Dear Mr Brown

I refer to your letter received on 30 September 2014 inviting comment from the Office of Environment and Heritage (OEH) on the Response to Submissions report in relation to the State significant development (SSD 5824) and modification (MP\_0076 MOD 2) applications for the One Carrington Street, Sydney development.

To the assist the Department, OEH provides the following advice on Aboriginal cultural heritage.

Transport Interchange, Commercial and Retail Development (SSD 5824)

While OEH notes that a separate site specific excavation methodology will be developed for the site, the response also states that it will be based on the Code of Practice where feasible. OEH considers that the previous comments regarding the use of the Code of Practice remain relevant.

If you have any queries regarding this advice please contact Marnie Stewart, Senior Regional Operations Officer, on 9995 6868.

Yours sincerely

*S. Harrison 16/10/14*
