Dear Natasha,

MODIFIED BLOCK DESIGN FOR 07_0140 MOD 5

I refer to our recent discussions in relation to comments received following the exhibition of Mod 5 for the 07_0140 consent.

Following our recent discussions and consideration of comments received from Hawkesbury City Council and the Office of Environment and Heritage, I attach a revised block design for Lot 12 DP 1021340 (Lot 12) at 21 Hall St Pitt Town. The revised block design removes block 902 from the northern end of the design submitted with the initial Mod 5 application retaining only the two additional blocks on the southern end of Lot 12. The block numbering system has also been revised to accommodate the revised block design.

The revised block design is set out at Attachment 1 to this correspondence.

Thank you for your consideration of this matter. Please feel free to contact the undersigned on 0418957294 if you would like to discuss further or require any further information.

Yours Sincerely

A handwritten signature in black ink, appearing to read 'S. Cleary', followed by a long horizontal line that ends in a vertical stroke.
