## Rail freight terminal plans today

DETAILS of a proposed road and rail freight terminal will be released today at a Bathurst Regional Council press conference.

It is believed the terminal will be built on land adjoining the Devro factory on the Great Western Highway at Kelso.

Businessman and high profile local entrepreneur Bruce Bolam is one of the major backers of the freight terminal.

Today's announcement is expected to be made by Bathurst Regional Council mayor Norm Mann and Bathurst MP Gerard Martin.

"The purpose of the information day is to allow residents, business owners and the general community to view and discuss the proposed road/rail freight terminal," an advertisement in the *Western Advocate* read.

"Detailed site plans and project information will be on display and our representatives will be on hand to provide information and answer any questions that may arise."

This development follows failed attempts by Bathurst Regional Council to establish a similar terminal on White Rock Road, Kelso.

**COMMUNITY INFORMATION DAY**

The Central West Regional Road/Rail Freight Terminal planned for the Great Western Highway adjoining the eastern side of Devro will be holding a Community Information Day on Friday 1st July 2005 between 1pm and 5pm on the first floor at the Bathurst City Council Chambers.

The purpose of the Information Day is to allow residents, business owners and the general community to view and discuss the proposed road/rail freight terminal.

Detailed site plans and project information will be on display and our representatives will be on hand to provide information and answer any questions that may arise.
