

PCU068663

the department of
Planning, Environment

unit 8/15
Lakeview Rd
Morriset Park

To whom it may concern

11.12.16

I am very distressed
and concerned with the addition of a helicopter
service to Trinity Point. This is a tranquil part of
the lake and that is the reason moved here - am
aware of lots of other people who feel the same.
Apart from humans there are also the birds to
consider, the fish in the lake, boats, canoes & fishing.
with the noise and pollution from the helicopters

THERE SHOULD BE NO HELICOPTERS.

The council is responsible for its constituents not
a "come off guy" who wants to push his way in.

Thank you for considering the people who
live in this area.

Yours sincerely

Angela Mason
