Re: Objection to MPO6_0309MOD3
Trinity Point Helipad

I am enclosing 238 signed objections to the above development gathered by this organisation on 10 December 2016. MPDAG manned a table at the Bonnells Bay shopping centre where we spoke to the shoppers about the development. In the several hours I was present only one person voiced support for the development. Many other shoppers took our pro forma letters with them to gather more objections from their families, friends and neighbours. I think this exercise demonstrates the strong local opposition to this development.

Yours sincerely,
Jon Dumbrell
President, MPDAG
