Attention Director, Modification Assessments, Planning Services, Department of Planning & Environment, GPO BOX 39, Sydney NSW 2001.

06, 309 Trinity Point Drive, Modification to Mixed Use, Marina, Tourist, /Residential (Concept Plan)
(06_309 Mod 3)

These are my arguments against the proposed the proposed Helipad. For more information I fully endorse the detailed arguments put forward by MPDAG who are providing detailed submissions on my behalf.

I am strongly opposed to the proposed Modification to the Concept for the Trinity Point NSW Heliport.

My objections being the Helicopters will pose a danger to recreational users of the Bay especially small sailing boats crewed by children (mainly learners and small fishing craft. The Bay is too shallow for large keel boats to moor and the down draught from Helicopters would prove no threat to them but to a child in a small sailing boat could cause it to capsize with disastrous results. Please leave one area of Lake Macquarie for the safe use of children who after all are the yachtsmen and women of the future. No Helicopters mean no noise and no threat to the amenity of residents and recreational users.

I have not made any donations to any political party in the past 2 years.

Valerie Crosby – 5 Station street, Bonnells Bay NSW 2264
