MORISSET PARK

NEW 2264

We have never
given any Political
donation

To Whom it may concern.

We must to object to the Helipad at
Trinity Point Morisset Park on Bardens Bay
We are in our 80's we purchased our unit
in the above village for peace & quiet in
our remaining years as have many others
in the Morisset area, not to be disturbed
by the noise of a helicopter that is to be
for the use of a few people.

Lake Macquarie Council rep 2014 stated no
Helicopters or sea planes to land in Lake
Macquarie

People wanting to land at Trinity Point could
land at Aero Belconn, now known as Belmont airport,
with a 15 min boat ride on our beautiful lake
or use Wuyang airport, extra fees could be
charged to the passengers to cover landing cost,
then a 15 min drive to here

Bardens Bay is a small horseshaped bay
at the southern end of Lake Macquarie, it is
used by families teaching their children to
water ski or kayak or peacefully fishing or sailing
The entrance to Bardens Bay is now half the size
with the marina putting out of a helipad is put a
goodby to a lot of families pleasure, there is also
a good train service here.

Hoping you will not be in favour of a helipad.

yours faithfully

Judith & David Jones
