Dear Sir,

I am a 91 year old resident who has chosen to move to the Bonnells Bay area from the Blue Mountains Area.

I moved for the natural beauty and serenity as the Blue Mountains is becoming a suburban sprawl of Sydney with bad traffic and bad tempers.

I appreciated the efforts to keep the lake area a 'green' yet usable area.

I have been horrified to see the Developments allowed around the lake, Peninsula, Morisset & Coorambong areas. The traffic is now becoming stop/start

at times (I am still driving!)
and all my neighbours are
complaining as well.

Now, after allowing
the huge out of place Trinity Pt
development, they say we
will have to put up with
helicopters! How to spoil
another place.

Please note my objections
to the helicopter flap.
