Attention: Mr Jason Wasiak

Dear Sir

Electricity Supply Availability for future residential area off Freemans Drive Cooranbong

I refer to letter dated 01 September 2004 , reference 0420450 concerning the above mentioned future subdivision.

I refer to our last telephone conversation on the Thursday, 23 September 2004 .
Our plans indicate that there is three phase high voltage 11kv supply available in Freemans Drive, Alton Road and Avondale Road Cooranbong which surrounds the future development.
This indicates that there is enough supply available to reticulate the future subdivision.

Should you require further information, please do not hesitate to contact me on the above number.

Yours faithfully

D Daniluck
