CONCEPT PLAN 2008

Development Precincts

The North Cooranbong Indicative Precinct Plan shown is indicative of the likely Precincts to be developed throughout the course of the project. Development of each Precinct may not occur in the numbered order as shown above and whilst adjoining properties are shown as Precinct 11 there are no limitations in the North Cooranbong proposed development that would prevent the Precinct 11 lands from development at any given point for the duration of the project.
