Dear Megan

**Orange Private Hospital Concept Plan MOD 2**

Thank you for the opportunity for the Office of Environment and Heritage (OEH) to comment on the exhibited Modification 2 of the Orange Private Hospital Concept Plan.

OEH notes that the modifications include a reconfigured layout, modified vehicle access arrangements and modification to the number of car spaces. OEH has reviewed the documents provided and, given the highly modified state of the development site, has no specific comments to make on the proposed modifications in regards to biodiversity and Aboriginal cultural heritage.

Should you require further information regarding issues of interest to OEH please contact David Geering, Conservation Planning Officer on (02) 6883 5355.

Yours sincerely

**PETER CHRISTIE**  
**Director North West**  
**Regional Operations Division**
