Hi Natasha,

The change includes the adoption of the report Amended Site Revegetation and Regeneration Plan (JWA June 2017), which embraces the change from Lowland Rainforest on floodplain to Lowland Rainforest.

Thanks,
Reg

Subject: MP06_0316 MOD 9 Modify Environmental Offsets

Hi Reg

We just wanted to clarify one aspect of this application. Although your covering letter dated 3 July 2017 only refers to changes to Swamp Sclerophyll on Coastal Plain EEC offsets, the appended letter dated 6 April 2017 states that the approved Site Revegetation and Regeneration Plan identifies Area 12 as being revegetated to accommodate Lowland Rainforest on Floodplain, rather than Lowland Rainforest. Does this change to request lowland rainforest vegetation form part of the modification request or does the modification only relate to the Swamp Sclerophyll on Coastal Plain EEC?

Kind regards
Natasha
