Carolyn McNally
Secretary
Department of Planning and Environment
320 Pitt Street SYDNEY NSW 2000

Attention: Anthony Witherdin (Director, Modification Assessments)

Dear Anthony,

**MP10_0229 MOD 5 LANDSCAPING – WOOLLOOWARE BAY TOWN CENTRE
AMENDED PLAN**

We write in relation to the Further Response to Submissions for MP10_0229 MOD 5, submitted to the Department of Planning and Environment submitted on 1 August 2017.

Following submission of this package, the applicant and Sutherland Shire Council ('Council') have further discussed the width of the shared path bridge. As a result of this correspondence, Council have requested that the width of the bridge is amended to a width of 3.5 metres, whereas previously it was 2.5 metres. An amended Diagram Plan (Drawing No. L002) reflecting this requirement is appended at **Attachment A**.

As the change relates only to the width of the suspended bridge, there will be no impact on the riparian corridor offset calculations provided in the last submission.

We trust this information is sufficient and should you have any queries about this matter, please do not hesitate to contact me on 9956 6962.

Yours faithfully,

Frances Mehrstens
Urbanist, Planning

Michael Oliver
Principal, Planning
