## **Andrew Henderson , of Wolgan Valley NSW, made the following submission on the project:**

### **[Emirates Hotels, Wolgan Valley \(Project Approval\) 06 0310 MOD 2](#)**

---

#### **Objects to this project**

I wish to object to the application to increase the number of helicopter flights from four to seventeen during major events periods.

I also question the term "major event periods" and suggest that it is deliberately vague for a purpose, and therefore ask that it be properly defined prior to any approval.

The increase in helicopter flights would seriously affect the quiet and peaceful enjoyment of not only my home and property, but that of most people living in and visiting the Wolgan Valley. I cannot agree to the infringements of these basic rights.

The Wolgan Valley has long been known for its grandeur, natural beauty , seclusion and peaceful serenity. These features are what attract inhabitants both human and animal to the area, including no doubt, the guests of the resort.

I believe an increase in this type of air traffic (helicopter) will drastically change life and lifestyle to all in the Wolgan Valley.

Thankyou.

Yours Sincerely

Andrew Henderson.
