Dear Mr Phillips,

Scott

Re: Section 75W application to modify MP10-0076

As the proponent for MP10-0076 we consent to Sutherland Shire Council lodging an application for the modification of the Approval to enable the pond shown in the original approval document to be deleted.

We authorise Sutherland Shire Council and or its appointed consultants to carry out what is necessary. This includes negotiations with the Department and other State agencies to modify the consent in relation to the changes in the park to conform with the scheme of development for the park described in the plans prepared by Scott Carver which forms part of this application.

Yours Sincerely,

Dominic Sullivan
Director of South Village Pty Ltd
