

I, like most other resident of Shell Cove, OPPOSE the modification of plans to the Shell Cove Boat harbour/ Waterfront precinct. I oppose all the amendment plans as they will directly affect the relaxed coastal feel to the area (for which Shell Cove is famous for). Young family like ours will lose out on the enjoyment that we get out of Shell Cove and its neighbouring areas. I believe this might also lead to worsening of traffic, pollution (noise and air), probably increase in crime rates too. Certainly the proposed amendments will also block our view of the sea (which is one main attraction of living in Shell Cove). This will directly impact me and my family and I cannot allow that to happen. The plans submitted earlier should not be allowed to be amended.
