Dear Andy,

In response to affordable accommodation provided for Indigenous student in the Pemulwuy Project – Precedent 3.

I would like to confirm that on the 27th October 2017 the Aboriginal Housing Company, Board of Directors endorsed a model that Excel RE Pty Ltd - Trading as Atira, put forward in relation to subsidizing and the allocation of specific Indigenous beds in the Student Accommodation on the Block.

A dollar amount was agreed upon and that amount would be broken down across the different rooms according to the demand and will equate to over 100 beds.

Yours faithfully
ABORIGINAL HOUSING COMPANY LTD
