**Retirement Village Development**  
**1110 Oxford Falls Road, Oxford Falls**

Dear Sir

Thank you for your letter of 27<sup>th</sup> January 04 concerning electricity supply to the above development.

Supply to this development can be made available from EnergyAustralia's 11,000volt line in Oxford Falls Road. The provision of supply to the development will be contestable work, able to be carried out by your own accredited service providers.

When this project develops to the stage where your electrical consultant is able to provide details of the load requirements I will contact you again to provide you with information on the contestable process.

Should you require further information at this stage, please contact me on the above numbers

Regards

Neil Austen  
Engineer Planning – Customer Service Sydney North (East)
