

**MUSHROOM SUBSTRATE PLANT, MULGRAVE  
APPLICATION TO MODIFY APPROVALS FOR  
PROJECT AND CONCEPT PLAN (08\_0255 MOD 3)  
COMPILATION OF PHOTOMONTAGES**

Photomontages have been prepared to show the appearance of the site from two locations on Mulgrave Road. Two original photo images have been used, one taken directly in front of the property and a second providing an oblique view from the south east. The base images were included in the environmental assessment as photographs 1 and 2.

The base photographs have been used twice, once to portray the noise barrier along the southern and eastern side of the site as proposed in MOD 3 and a second time to portray the 7-metre high wall and 10 metre high bale sheds currently approved for this location.
