Dear Sir,

I write this on behalf of my wife & myself, to express our most earnest opposition to the proposed "helipad", at the Trinity Point marina!

As we do not recognize "political correctness" in any form, I am not going into the frequently voiced hypbole of this time, regarding the "why" and "wherefores" of this proposed intrusion!

Suffice to say, that we protest most vigorously regarding any and all aeronautical developments, in, on or around, the area in question!

It could be said, as a "bottom line" that WE, the residents & owners of many properties in the area, & as Australians by birth, don't want any such intrusions, because, WE DON'T WANT THEM!!!

I thank you in anticipation of a comprehensive & favourable reply.

Yours sincerely
Howard + Jan Cuneo
