Covid-19

Please note:

In response to the COVID-19 pandemic and to protect and promote the health and well-being of its staff, customers, colleagues, the City of Sydney's Planning Assessments Unit has moved towards working from home.

This is in line with global and local medical advice that limiting contact between people will slow the transmission of the virus. This is a very important measure to help reduce pressure on our hospital system.

You can still reach officers on their regular phone numbers and e-mail during normal office hours.

Whilst these new arrangements will inevitably have some impact on the services we provide and the way we do things, the Planning Assessments Unit remains committed to providing the best service it can. Thank you for your patience during this time.
