**Subject:** RE: Notification of modification (MOD 11) to Barangaroo Concept Plan (MP 06\_0162 MOD 11) - City of Sydney Council

Hi Matthew,

The City raises no objection to the proposed modification of the Barangaroo Concept Plan to allow the use of the temporary road known as Barton Street for general traffic in addition to already approved construction vehicles. This is largely due to the delay in construction of a permanent east-west road within the Barangaroo Central development site.

The City raises no objection on the basis that the road remains a temporary road and is to be wholly removed and returned for the use as a public park. It is noted that the removal of the temporary road and the completion of Hickson Park is scheduled for 2025. It is recommended that all necessary road demolition and landscape works be completed within this timeframe.

If you have any questions regarding the City's comments above or would like to discuss the application with me any further, please do not hesitate to email me or give me a call.

Kind regards,

Marie Burge
