Subject:	Westfield Parramatta - Odour & Acoustics		

Dear Suvrat,

This letter is in relation to the proposed development located at the Westfield Parramatta site, specifically with reference to Vipac Acoustic and Odour reports, 20E-18-0073-DRP-473380-7, and 20E-18-0073-TRP-640955-5, respectively.

Vipac understands that changes have been made to the design and assessed drawings. The location has relocated to the Corner of Argyle Street and Marsden Street, Parramatta. Vipac can confirm it has conducted a review of the drawings and changes, as discussed with Scentre Group, and the following conclusions are made:

1. The drawing changes to the proposed development do not impact the results set out in the Acoustic and Odour reports.
2. Consequently, it is expected that the Acoustic and Odour requirements set in the aforementioned reports will not change.

If you have any queries, please contact the undersigned.

Yours faithfully

Vipac Engineers & Scientists Ltd
