**Re: Cardinal Freeman Village
Masterplan Documentation**

Dear Elizabeth,

Cundall writes to advise that the masterplanning implications associated with the Village Green Precinct and Care Precinct have been considered and adequately addressed within the Cundall Concept Plan ESD Report. All stages of the master plan document will follow the BCA Section J requirements outlined in Section 4.2 of the ESD Report.

The report has been compiled to address the issues raised in the Director General's report.

Please contact the undersigned if additional information is required.

Yours Sincerely
Cundall

Adam Shor
ESD Consultant

CARDINAL FREEMAN VILLAGE
