Clare,

Please find attached our technical note on the servicing issues for the Pitt Street major project application and links to two of the references, (I'll make arrangements to get you the other two).

MCW wants involvement at key milestones of this strategic work, in particular at the following stages as a minimum:

- * An inception meeting
- * A 50% report submission and meeting/teleconference
- * An 85% or 95% report submission and meeting/teleconference
- * A final report and close out meeting/teleconference

We are also happy to deal with whichever consultant is engaged on a more day-to-day basis on specific issues and/or questions.
