Dear Mr Connelly,

Subject: Proposed Cultural Events Site – Tweed Valley Way and Jones Road, Yelgun, Byron Local Government Area – 09_0028

I refer to your letter of 14 May 2010 in which you advised that the Lot and DP numbers and project description as outlined in the Director-General's Environmental Assessment Requirements (DGRs) require amendments.

Upon consideration of the requested amendments, the Department has reviewed the DGRs issued for the project on 25 August 2009 and is satisfied that the key issues required to be addressed in the Environmental Assessment are still relevant for the current project. The amended Lot and DP numbers and project description do not alter the key issues listed under Attachment 1. Accordingly, the DGRs have been updated to reflect the amendments (copy enclosed). These changes do not affect the issue or expiry date of the Director-General's requirements.

Should you have any questions in relation to this matter, please do not hesitate to contact Brent Devine on (02) 9228 6328 or via email at brent.devine@planning.nsw.gov.au.

Yours sincerely

Alan Bright
