

<i>Arenaria interpres</i> Ruddy Turnstone	Migratory	Species or species habitat known to occur within area
<i>Calidris acuminata</i> Sharp-tailed Sandpiper	Migratory	Species or species habitat known to occur within area
<i>Calidris canutus</i> Red Knot, Knot	Migratory	Species or species habitat known to occur within area
<i>Calidris ferruginea</i> Curlew Sandpiper	Migratory	Species or species habitat known to occur within area
<i>Calidris ruficollis</i> Red-necked Stint	Migratory	Species or species habitat known to occur within area
<i>Calidris tenuirostris</i> Great Knot	Migratory	Species or species habitat known to occur within area
<i>Charadrius bicinctus</i> Double-banded Plover	Migratory	Species or species habitat known to occur within area
<i>Charadrius leschenaultii</i> Greater Sand Plover, Large Sand Plover	Migratory	Species or species habitat known to occur within area
<i>Charadrius mongolus</i> Lesser Sand Plover, Mongolian Plover	Migratory	Species or species habitat known to occur within area
<i>Gallinago hardwickii</i> Latham's Snipe, Japanese Snipe	Migratory	Species or species habitat known to occur within area
<i>Heteroscelus brevipes</i> Grey-tailed Tattler	Migratory	Species or species habitat known to occur within area
<i>Limosa lapponica</i> Bar-tailed Godwit	Migratory	Species or species habitat known to occur within area
<i>Limosa limosa</i> Black-tailed Godwit	Migratory	Species or species habitat known to occur within area
<i>Numenius madagascariensis</i> Eastern Curlew	Migratory	Species or species habitat known to occur within area
<i>Numenius phaeopus</i> Whimbrel	Migratory	Species or species habitat known to occur within area
<i>Pluvialis fulva</i> Pacific Golden Plover	Migratory	Species or species habitat known to occur within area
<i>Rostratula benghalensis s. lat.</i> Painted Snipe	Migratory	Species or species habitat may occur within area
<i>Tringa stagnatilis</i> Marsh Sandpiper, Little Greenshank	Migratory	Species or species habitat known to occur within area
Migratory Marine Birds		
<i>Apus pacificus</i> Fork-tailed Swift	Migratory	Species or species habitat may occur within area
<i>Ardea alba</i> Great Egret, White Egret	Migratory	Species or species habitat may occur within area
<i>Ardea ibis</i> Cattle Egret	Migratory	Species or species habitat may occur within area
<i>Sterna albifrons</i> Little Tern	Migratory	Species or species habitat may occur within area
Migratory Marine Species		
Reptiles		
<i>Caretta caretta</i> Loggerhead Turtle	Migratory	Species or species habitat likely to occur within area
<i>Chelonia mydas</i> Green Turtle	Migratory	Species or species habitat likely to occur within area

Listed Marine Species [[Dataset Information](#)]

Birds

<i>Apus pacificus</i>	Listed -	Species or species habitat may occur within
---------------------------------------	----------	---

Fork-tailed Swift	overfly marine area	area
<i>Ardea alba</i> Great Egret, White Egret	Listed - overfly marine area	Species or species habitat may occur within area
<i>Ardea ibis</i> Cattle Egret	Listed - overfly marine area	Species or species habitat may occur within area
<i>Arenaria interpres</i> Ruddy Turnstone	Listed	Species or species habitat known to occur within area
<i>Calidris acuminata</i> Sharp-tailed Sandpiper	Listed	Species or species habitat known to occur within area
<i>Calidris canutus</i> Red Knot, Knot	Listed - overfly marine area	Species or species habitat known to occur within area
<i>Calidris ferruginea</i> Curlew Sandpiper	Listed - overfly marine area	Species or species habitat known to occur within area
<i>Calidris melanotos</i> Pectoral Sandpiper	Listed - overfly marine area	Species or species habitat known to occur within area
<i>Calidris ruficollis</i> Red-necked Stint	Listed - overfly marine area	Species or species habitat known to occur within area
<i>Calidris tenuirostris</i> Great Knot	Listed - overfly marine area	Species or species habitat known to occur within area
<i>Charadrius bicinctus</i> Double-banded Plover	Listed - overfly marine area	Species or species habitat known to occur within area
<i>Charadrius leschenaultii</i> Greater Sand Plover, Large Sand Plover	Listed	Species or species habitat known to occur within area
<i>Charadrius mongolus</i> Lesser Sand Plover, Mongolian Plover	Listed	Species or species habitat known to occur within area
<i>Charadrius ruficapillus</i> Red-capped Plover	Listed - overfly marine area	Species or species habitat known to occur within area
<i>Gallinago hardwickii</i> Latham's Snipe, Japanese Snipe	Listed - overfly marine area	Species or species habitat known to occur within area
<i>Haliaeetus leucogaster</i> White-bellied Sea-Eagle	Listed	Species or species habitat likely to occur within area
<i>Heteroscelus brevipes</i> Grey-tailed Tattler	Listed	Species or species habitat known to occur within area
<i>Himantopus himantopus</i> Black-winged Stilt	Listed - overfly marine area	Species or species habitat known to occur within area
<i>Hirundapus caudacutus</i>	Listed -	Species or species habitat may occur within

White-throated Needletail	overfly marine area	area
<i>Lathamus discolor</i> Swift Parrot	Listed - overfly marine area	Species or species habitat may occur within area
<i>Limosa lapponica</i> Bar-tailed Godwit	Listed	Species or species habitat known to occur within area
<i>Limosa limosa</i> Black-tailed Godwit	Listed - overfly marine area	Species or species habitat known to occur within area
<i>Merops ornatus</i> Rainbow Bee-eater	Listed - overfly marine area	Species or species habitat may occur within area
<i>Monarcha melanopsis</i> Black-faced Monarch	Listed - overfly marine area	Breeding may occur within area
<i>Myiagra cyanoleuca</i> Satin Flycatcher	Listed - overfly marine area	Breeding likely to occur within area
<i>Numenius madagascariensis</i> Eastern Curlew	Listed	Species or species habitat known to occur within area
<i>Numenius phaeopus</i> Whimbrel	Listed	Species or species habitat known to occur within area
<i>Philomachus pugnax</i> Ruff (Reeve)	Listed - overfly marine area	Species or species habitat known to occur within area
<i>Pluvialis fulva</i> Pacific Golden Plover	Listed	Species or species habitat known to occur within area
<i>Recurvirostra novaehollandiae</i> Red-necked Avocet	Listed - overfly marine area	Species or species habitat known to occur within area
<i>Rhipidura rufifrons</i> Rufous Fantail	Listed - overfly marine area	Breeding may occur within area
<i>Rostratula benghalensis s. lat.</i> Painted Snipe	Listed - overfly marine area	Species or species habitat may occur within area
<i>Sterna albifrons</i> Little Tern	Listed	Species or species habitat may occur within area
<i>Tringa stagnatilis</i> Marsh Sandpiper, Little Greenshank	Listed - overfly marine area	Species or species habitat known to occur within area
Reptiles		
<i>Caretta caretta</i> Loggerhead Turtle	Listed	Species or species habitat likely to occur within area
<i>Chelonia mydas</i> Green Turtle	Listed	Species or species habitat likely to occur within area

Extra Information

State and Territory Reserves [[Dataset Information](#)]

Sydney Harbour National Park, NSW

Caveat

The information presented in this report has been provided by a range of data sources as [acknowledged](#) at the end of the report.

This report is designed to assist in identifying the locations of places which may be relevant in determining obligations under the *Environment Protection and Biodiversity Conservation Act 1999*. It holds mapped locations of World Heritage and Register of National Estate properties, Wetlands of International Importance, Commonwealth and State/Territory reserves, listed threatened, migratory and marine species and listed threatened ecological communities. Mapping of Commonwealth land is not complete at this stage. Maps have been collated from a range of sources at various resolutions.

Not all species listed under the EPBC Act have been mapped (see below) and therefore a report is a general guide only. Where available data supports mapping, the type of presence that can be determined from the data is indicated in general terms. People using this information in making a referral may need to consider the qualifications below and may need to seek and consider other information sources.

For threatened ecological communities where the distribution is well known, maps are derived from recovery plans, State vegetation maps, remote sensing imagery and other sources. Where threatened ecological community distributions are less well known, existing vegetation maps and point location data are used to produce indicative distribution maps.

For species where the distributions are well known, maps are digitised from sources such as recovery plans and detailed habitat studies. Where appropriate, core breeding, foraging and roosting areas are indicated under "type of presence". For species whose distributions are less well known, point locations are collated from government wildlife authorities, museums, and non-government organisations; bioclimatic distribution models are generated and these validated by experts. In some cases, the distribution maps are based solely on expert knowledge.

Only selected species covered by the [migratory](#) and [marine](#) provisions of the Act have been mapped.

The following species and ecological communities have not been mapped and do not appear in reports produced from this database:

- threatened species listed as [extinct or considered as vagrants](#)
- some species and ecological communities that have only recently been listed
- [some terrestrial species](#) that overfly the Commonwealth marine area
- migratory species that are very [widespread, vagrant, or only occur in small numbers](#).

The following groups have been mapped, but may not cover the complete distribution of the species:

- non-threatened seabirds which have only been mapped for recorded breeding sites;
- seals which have only been mapped for breeding sites near the Australian continent.

Such breeding sites may be important for the protection of the Commonwealth Marine environment.

Acknowledgments

This database has been compiled from a range of data sources. The Department acknowledges the following custodians who have contributed valuable data and advice:

- [New South Wales National Parks and Wildlife Service](#)
- [Department of Sustainability and Environment, Victoria](#)
- [Department of Primary Industries, Water and Environment, Tasmania](#)
- [Department of Environment and Heritage, South Australia Planning SA](#)

Threatened species and ecological communities listed under the *FM Act* 1994.

Schedule 4 Endangered species, populations and ecological communities

Part 1 Endangered species

Fish

<i>Archaeophya adamsi</i> Fraser, 1959	Adam's emerald dragonfly
<i>Austrocordulia leonardi</i>	Sydney Hawk dragonfly
* <i>Maccullochella ikei</i> Rowland	eastern freshwater cod
* <i>Maccullochella macquariensis</i> (Cuvier)	trout cod
<i>Macquaria australasica</i> (Cuvier, 1830)	Macquarie perch
<i>Mogurnda adspersa</i> (Castelnau, 1878)	purple spotted gudgeon
<i>Nannoperca australis</i> Günther, 1861	southern pygmy perch
* <i>Nannoperca oxleyana</i> Whitley	Oxleyan pygmy perch
<i>Notopala sublineata</i> (Conrad, 1850)	river snail
<i>Thunnus maccoyii</i>	southern bluefin tuna

Marine vegetation

Part 2 Endangered populations

Fish

Ambassis agassizii Steindachner, 1866, olive perchlet, western New South Wales population

Gadopsis marmoratus, river blackfish, Snowy River population

Tandanus tandanus (Mitchell, 1838), eel tailed catfish, Murray-Darling Basin population

Marine vegetation

Part 3 Endangered ecological communities

Aquatic ecological community in the natural drainage system of the lower Murray River catchment (as described in the recommendation of the Fisheries Scientific Committee to list the ecological community)

Aquatic ecological community in the natural drainage system of the lowland catchment of the Darling River (described in the recommendation of the Fisheries Scientific Committee to list that aquatic ecological community, as the area covered by that recommendation)

Aquatic ecological community in the natural drainage system of the lowland catchment of the Lachlan River (described in the recommendation of the Fisheries Scientific Committee to list that aquatic ecological community, as the area covered by that recommendation)

Part 4 Species presumed extinct

Fish

Pristis zijsron Bleeker, 1851

green sawfish

Metaprotella haswelliana Mayer, 1882

Haswells caprellid

Marine vegetation

Vanvoorstia bennettiana (Harvey) Papenfuss
(1956)

Bennetts seaweed

Schedule 4A Critically endangered species and ecological communities

Part 1 Critically endangered species

Fish

**Carcharias taurus* Rafinesque, 1810

grey nurse shark

Craterocephalus fluviatilis (McCulloch, 1913)

Murray hardyhead

Galaxias rostratus

flathead galaxias

Smeagol hilaris Tillier & Ponder, 1992

marine slug

Marine vegetation

Nereia lophocladia J. Agardh (1897)

marine brown alga

Part 2 Critically endangered ecological communities

Schedule 5 Vulnerable species and ecological communities

Part 1 Vulnerable species

Fish

Bidyanus bidyanus (Mitchell, 1838)

silver perch

Branchinella buchananensis Geddes, 1981

Buchanans fairy shrimp

**Carcharodon carcharias* (Linnaeus, 1758)

great white shark

Epinephelus daemeli (Günther, 1876)

black cod

Marine vegetation

Part 2 Vulnerable ecological communities

Schedule 6 Key threatening processes

Degradation of native riparian vegetation along New South Wales water courses.

Hook and line fishing in areas important for the survival of threatened fish species.

Installation and operation of instream structures and other mechanisms that alter natural flow regimes of rivers and streams.

Introduction of fish to waters within a river catchment outside their natural range.

Introduction of non-indigenous fish and marine vegetation to the coastal waters of New South Wales.

Removal of large woody debris from New South Wales rivers and streams.

The current shark meshing program in New South Wales waters.
