

Park Frontage Improvement

- Public Art Strategies
1. Structural element - large scale water feature
 2. Spreach - low scale, encourages interactive play, potential for water
 3. Water - symbolize connection to the river, well springs water jets, interpretative art engraving in pavings
 4. Water - connect to the river, emphasis on environmental experience, connexion to nature
 5. Art and nature - interwoven with trees, elemental, light reflective

Trees and Basement Plan

Basement Deep soil for parks
