

This detailed site plan illustrates the proposed development for the Jackaranda Lodge. The plan includes the following key elements:

- Existing Structures:** Jackaranda Lodge, Existing CSB (Central Service Building), Existing San Clinic, Existing Beatlie Building, and Existing Warrroonga Church.
- New Structures and Expansions:** New CSB Expansion Stage 1A and 1B, New Podium Arrival Stage 2, New Carpark Structure Stage 1A, and New Ground Carpark Stage 1A.
- Water Management Features:** Conversion of an existing detention basin into a stormwater detention basin with extended detention, and a new bio-retention basin.
- Landscaping and Open Space:** Village Green and Clifford.
- Access and Infrastructure:** Access to Fox Valley Road and various internal circulation paths indicated by dashed lines with arrows.

The plan uses a combination of solid lines for boundaries, dashed lines for proposed paths, and hatched areas to denote specific materials or landscaping. The overall layout shows a mix of new construction and the integration of existing site features.
