**Attn: Dinuka McKenzie**

Dear Dinuka,

**Re: Gloucester Gas Project Proponent Name**

As per our correspondence dated the 4<sup>th</sup> February 2009 we advised that AGL Energy had purchased the Gloucester Gas Project (Project). Since February 2009 AGL has operated the Project as AGL Gloucester LE Pty Ltd (the proponent nominated in the Environmental Assessment), under the same ABN as the previous Project owner.

Recently, AGL underwent a corporate restructure of a number of its subsidiary companies and changed the name of AGL Gloucester LE Pty Ltd to AGL Upstream Infrastructure Investments Pty Ltd. In essence, AGL Upstream Infrastructure Investments Pty Ltd is the same company, with the same ABN.

We therefore wish to advise that the proponent for the Project is AGL Upstream Infrastructure Investments Pty Ltd.

Please advise if you have any queries in relation to the above.

Yours Sincerely,

A handwritten signature in black ink, appearing to read 'S. Galway'.

Stuart Galway
