

Feedback Sheet - Community Information Night

Salamander Shores Hotel Redevelopment, Soldiers Point

15 April 2010

It is proposed to redevelop the Salamander Shores Hotel. It would involve demolition of the existing building, which is considered unsightly and outdated, with a new and improved tourist facility including some permanent residential accommodation. The tourist facilities would include restaurant, leisure (gym and pool), café and a small retail area. A range of other improvements would occur such as better access to the waterfront, a landscape setback along Soldiers Point Road and more aesthetically pleasing buildings. The application is for a Concept Plan and further applications would be required. A Concept Plan seeks approval for the overall uses, building heights, FSR, layout and car parking.

Generally, do you support the redevelopment of the Salamander Shores Hotel? (Please tick)

☐

Yes

☐

No

What positives, if any, do you see in the proposed new Salamander Shores Hotel and future residential community?

What concerns, if any, do you have regarding the proposed development? What key issues would you like the project team to address in the application?

Following review of the draft Plans and other information, what comments, if any would you like to make?

Are there any other features or facilities that you would like to see included in the draft plan?

Thank you for your feedback.

PLEASE PRINT YOUR NAME AND ADDRESS SO THAT WE KNOW HOW MANY PEOPLE ATTENDED THE INFORMATION NIGHT AND TO SEND FURTHER INFORMATION TO INTERESTED RESIDENTS/STAKEHOLDERS.
