**EXHIBITION OF ENVIRONMENTAL ASSESSMENT FOR CONCEPT PLAN  
DISCOVERY POINT – 1 PRINCES HIGHWAY, WOLLI CREEK (MP10\_0003)**

Dear Mr Woodland,

I refer to your correspondence dated 24 August 2010 seeking comment on the Environmental Assessment for the concept plan for Discovery Point at 1 Princes Highway, Wolli Creek. Transport NSW appreciates the opportunity to provide input.

Transport NSW has reviewed the Environmental Assessment report and notes the high accessibility of the site to public transport and local facilities such as shops. The provision of one space per unit is noted and should also apply to two and three bedroom units.

Alternatively or additionally, some studio apartments could be approved without parking. Consideration should be given to incorporating car share opportunities and the unbundling of parking from specific units which has been recommended for Green Square and the Carlton United Brewery Site.

Transport NSW would support the incorporation of further specific measures aimed at actively promoting public transport use, walking and cycling by future residents of the site. This may include such things as completing a 'green' travel access guide for the site, integrating the internal walking and cycling networks with wider regional networks and allocating conveniently located secure bike parking for both residents and visitors. The Active Transport Planner's Toolkit has been attached for further information on active transport.

I trust that these comments are of assistance. Should you wish to discuss this matter further, please contact Naomi Brissett on 9268 2222 or email [chris.walsh@transport.nsw.gov.au](mailto:chris.walsh@transport.nsw.gov.au).

Yours sincerely

30/08/10
