To whom it may concern,

LOGOS Kemps Creek Logistics Project

I, the owner of 754 Mamre Road, understand that LOGOS Property is planning to develop Lot 1 in DP 104958, 708 Mamre Road, Kemps Creek, into a campus-style industrial estate comprising some 9 warehouse and distribution centres.

I have viewed the development masterplan and understand that the warehouses would operate up to 24 hours a day, 7 days a week. I understand and accept the environmental impacts, including noise, that these operations may present on my property.

With regard to noise, I understand that predictions indicate that noise emissions could exceed the relevant criteria by up to 7 decibels at my residence.

I fully support the proposed development.

Yours faithfully,

.....
